

# Your Account.

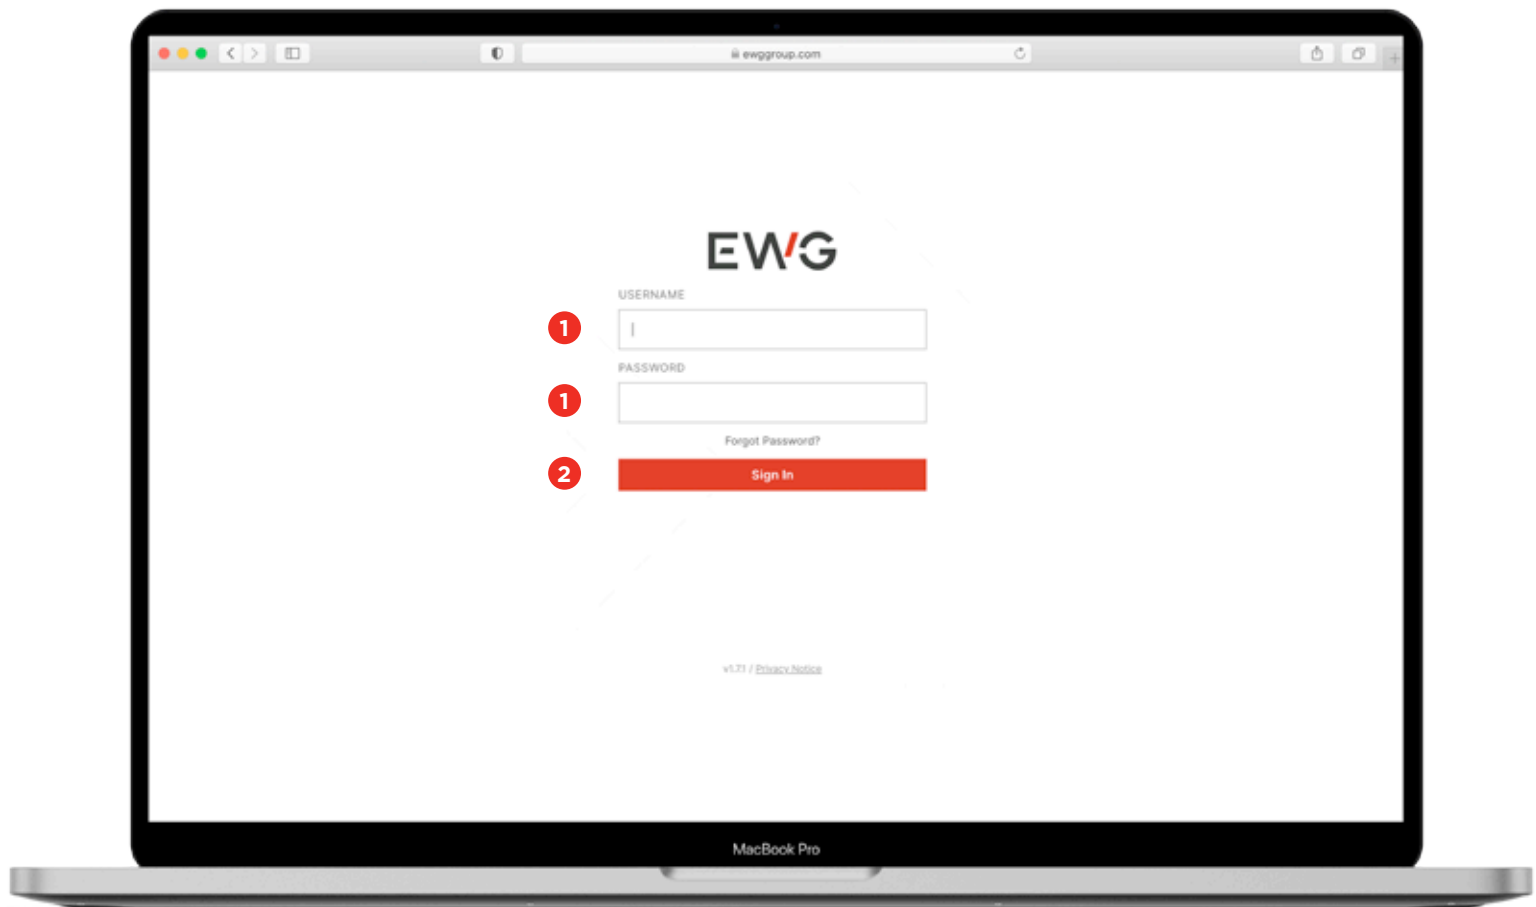

**Signing in for  
the first time**

**The specialist digital  
fintech partner for  
Fiduciary, Corporate,  
and Fund Services.**

**DISRUPT. POSITIVELY.**

**[ewggroup.com](http://ewggroup.com)**

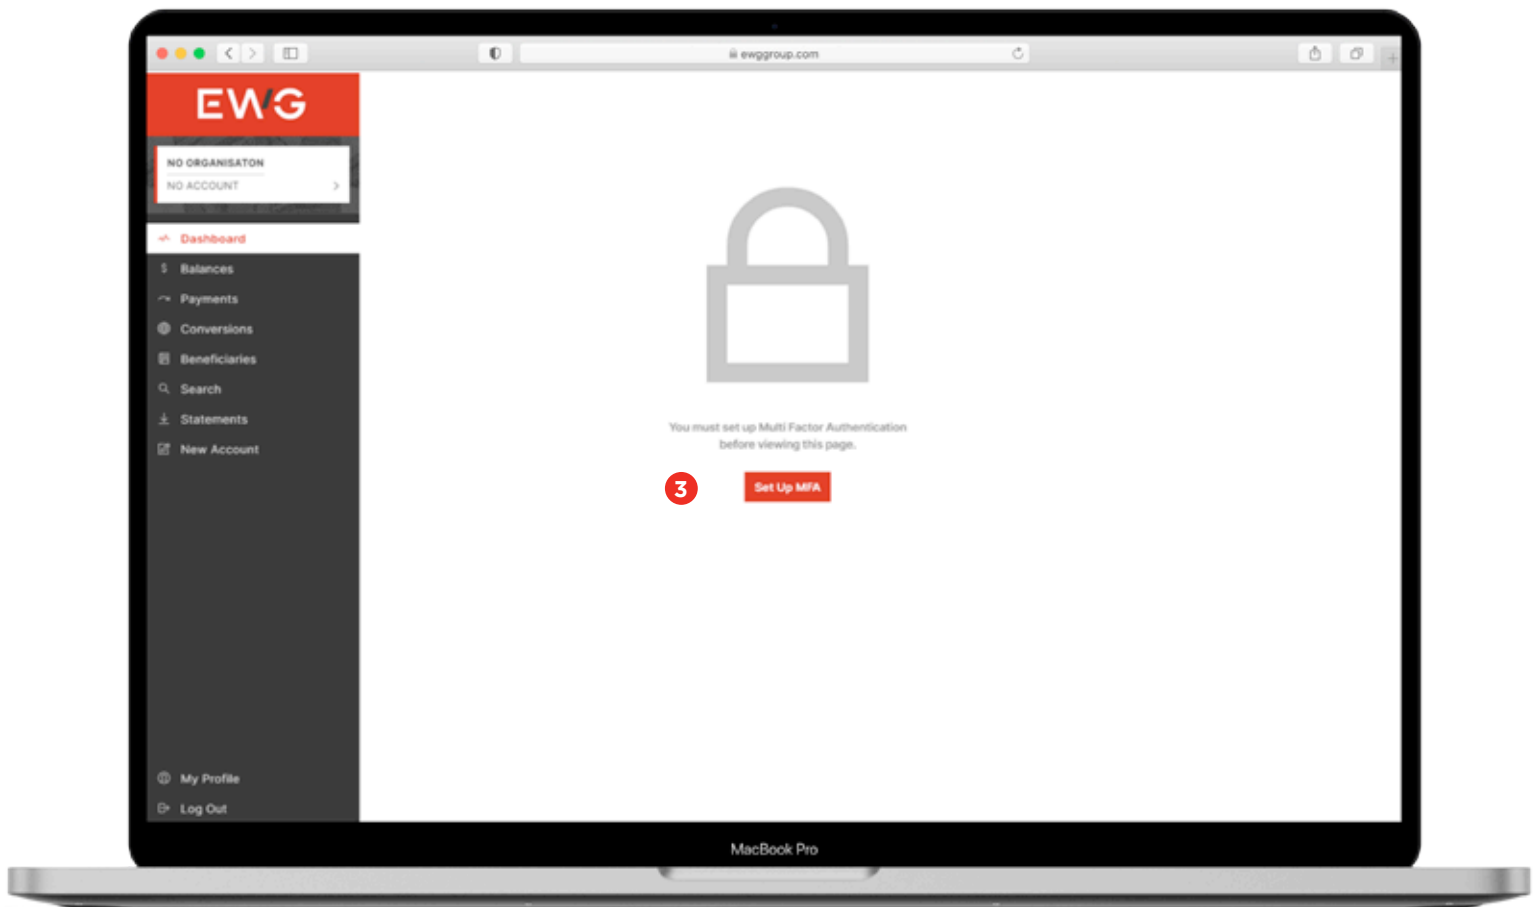

## / Signing in

**Go to: [app.ewggroup.com](https://app.ewggroup.com)**

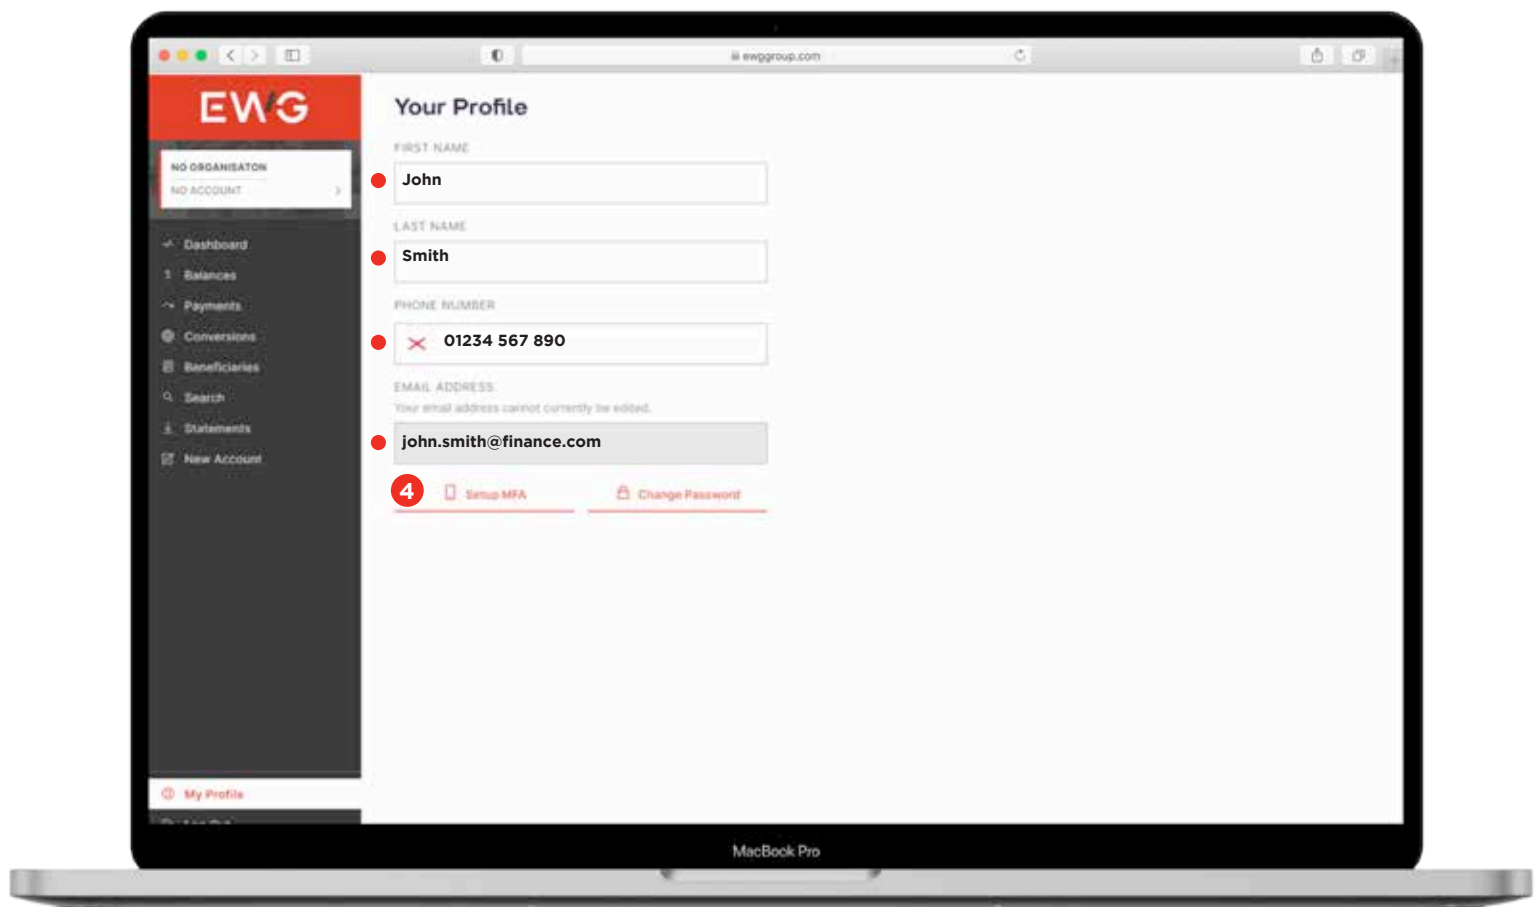

- 1** Enter your email address (in lowercase)  
Enter your temporary password received by email from EWG
- 2** You will then be asked to update your password

## / Multi-factor authentication

- 3** You will need to set up MFA access - Click on 'Set up MFA' (this extra security layer protects your funds.)

## / Checking details

4 Check your details - Click 'Set up MFA'

## **/ Authentication**

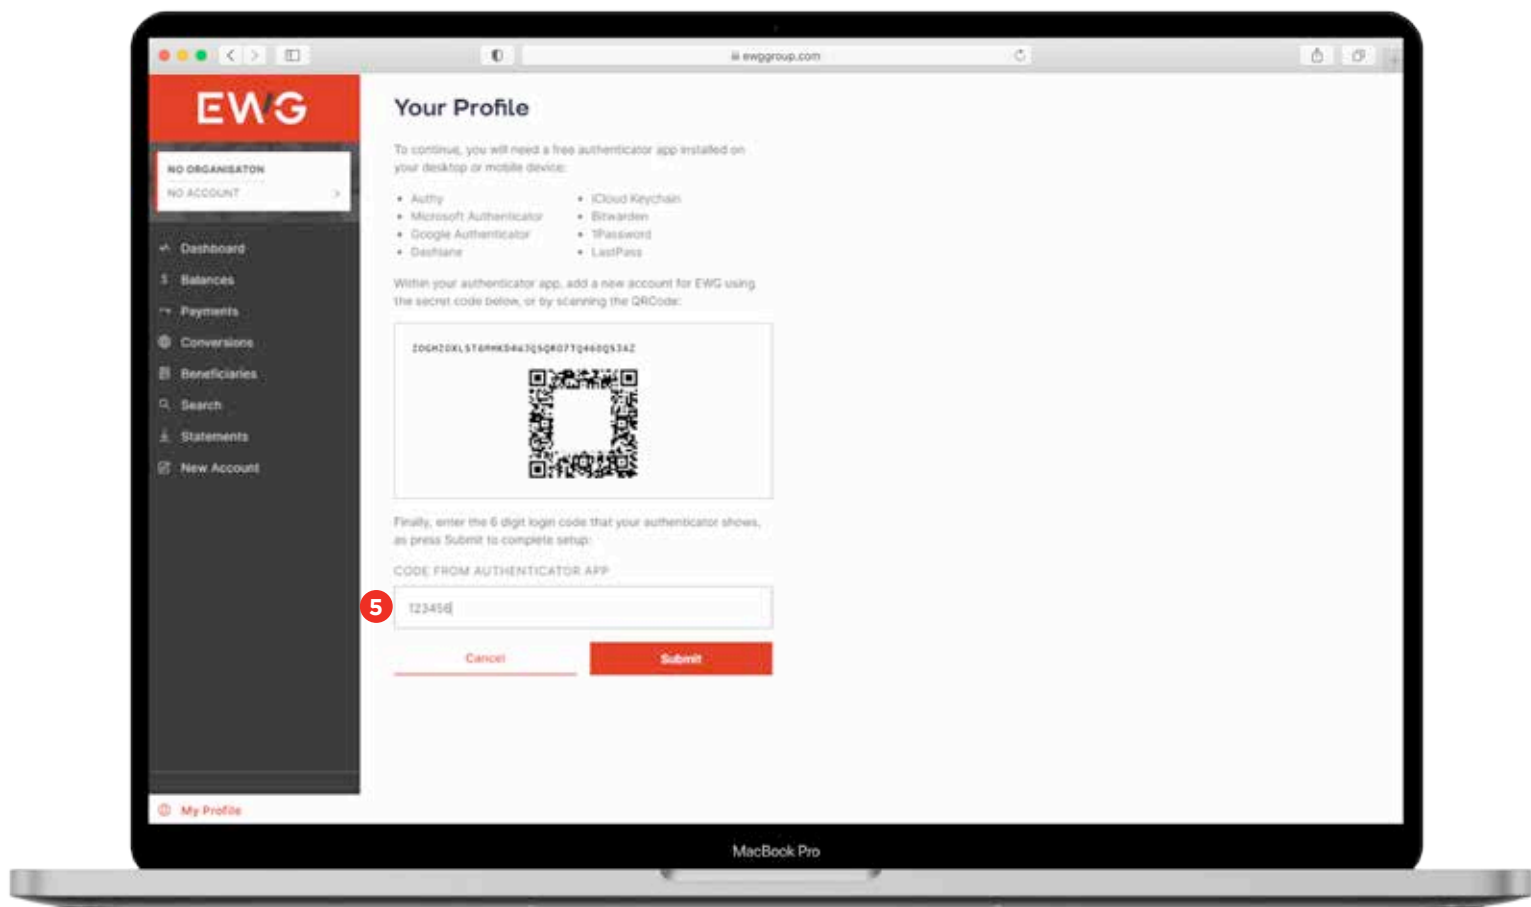

Using your mobile phone download one of the named authenticator apps:  
Twilio 'Authy', Microsoft Authenticator, Google Authenticator, Dashlane, iCloud  
Keychain, BitWarden, 1Password or LastPass.

(We recommend Twilio 'Authy' as it can be used with many devices.) Or just use  
whichever authenticator you feel comfortable with.

Open your chosen authenticator app and click on 'add account'  
- a QR scan option should appear.

## / Authentication

- 5** Scan the QR code and the account will then be added to your app - (It will likely be the last one in the list or grid, depending on your view settings.)

The new account will have a '6 digit' number displayed. Enter it in the relevant field on the EWG app then submit, you have now completed the authentication.

**Note:**  
Click on 'Switch Account' tab to view your account(s).
